Dental Hygienist

Passionate and self-motivated registered dental hygienist with private practice experience, committed to providing excellent patient care.

Professional Experience

Grand Trails Dental, Dr. Austin Baker: Feb. 2016- Present

- Hygienist using eagsoft software to schedule, record treatment, chart periodontal readings, take radiographs and intraoral images and input insurance verification information.

Center for Cosmetic and Family Dentistry, Dr. Lockhart: Nov. 2015-Feb. 2016 (PT)

- Using Dentrrix software to schedule patients and plan treatment according to periodontal treatment needed. Conduct medical history evaluations and patient oral cancer screenings at each appointment. Take x-rays using phosphor plates, maintain and update patient dental chart, and record overall periodontal findings in the periodontal chart. Perform routine teeth cleanings for recare patients and new patients. Promote good dental care through literature and demonstration.

Wallingford Dentistry (curve software) & Serenity Dental (open dental software): Dec. 2015-Jan. 2016

- Take digital x-rays, chart existing restorations, and assess and evaluate periodontal treatment. Conduct patient oral cancer screening at each appointment. Perform routine teeth cleanings for recare patients and new patients. Promote good dental care through literature and demonstration.
