Dear Hiring Team,

Thank you for taking the time to consider my background for your company. I am passionate about my career as a talent acquisition strategist. I enjoy helping candidates, hiring managers, employees and executives reach their career/company goals.

My years of hard work have enabled me to establish a top-tier network, excellent technical skills and outstanding professional service abilities. I am data-driven, methodical, and process-oriented as well as interpersonally attentive, sincere and friendly.

Most of my experience has been within start-up, turn-around or high-growth environments. My strengths lie within an ability to create/improve recruitment processes, direct-source high-caliber candidates in the most competitive markets, assess qualifications, provide the best candidate and hiring manager experience and empower the people I serve.

I welcome the opportunity to learn more about your company and employees. Thank you again.

Sincerely yours,
Judy
